Omebris-D

Omeprazole 20 mg. + Domperidone 10 mg. **Capsules**

OMEPRAZOLE

- Proton Pump inhibitor
- Dose Dependant suppression of gastric acid secretion, without anticholinergic or H2 blocking action
- Marked & long lasting acid suppression
- High degree of selectivity of action

DOMPERIDONE

- Selective Prokinetic thus acts on upper gut only
- Safest prokinetic without Diarrhoea & Carditoxicity
- Additional antiemetic advantage thus prevents Nausea & Vomiting

Omebris-20

Omeprazole 20 mg. **Capsules**

The best Remedy for Liver Disorders
