Say Good Bye to Reflux and Acidity with ....

Gelobris

Magaldrate 400 mg + Simethicone 20 mg (Sugar Free)

Magaldrate ...

- *Provides faster and sustained antacid action*
- *Stimulates production of cytoprotective prostaglandin thus provides mucosal protection and soothes the mucosa* (Arzneimittelforschung, 1989 Jul;39(7):786-9)
- *Gets rapidly converted to Magnesium Hydroxide and Aluminium Hydroxide which are poorly absorbed and thus provides a sustained antacid effect.*

Simethicone ...

- *A surfactant that may decrease foaming and hence Oesophageal Reflux.*
- *1.5 to 2 times longer duration of action as compared to other antacids*
- *Sugar free, well accepted by all types of patients and can be given to Diabetic Patients safely*
- *Better compliance and well accepted*

- GERD
- DYSPEPSIA
- GASTRITIS
- HEART BURN
- GASTRIC ULCERS
- DUODENAL ULCERS

100 % SUGAR-FREE Antacid Suspension
